

# Junior Climb n Slide and Ladder User Instructions

The Junior Climb n Slide and Junior Ladders come pre-assembled

## Use of the Climb n Slide and Ladder with Triangle and Arch:

The Climb n Slide and Ladders do not lock into place when placed on the top rung of the Triangle. Consequently, we do not recommend positioning them there, either from the floor or another frame such as an arch or another triangle.

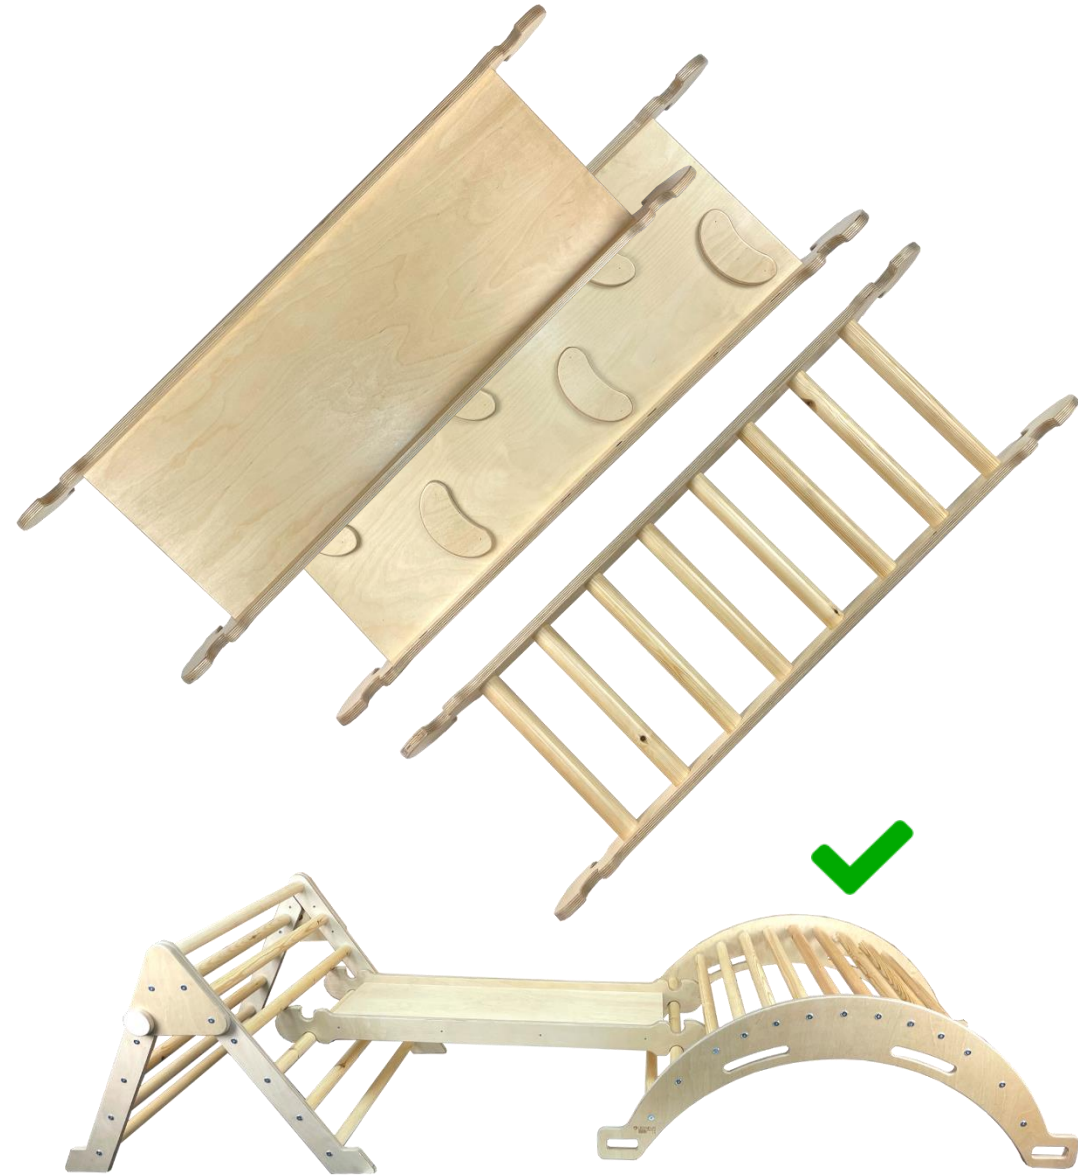

Any other configuration and the add-ons are securely locked in place

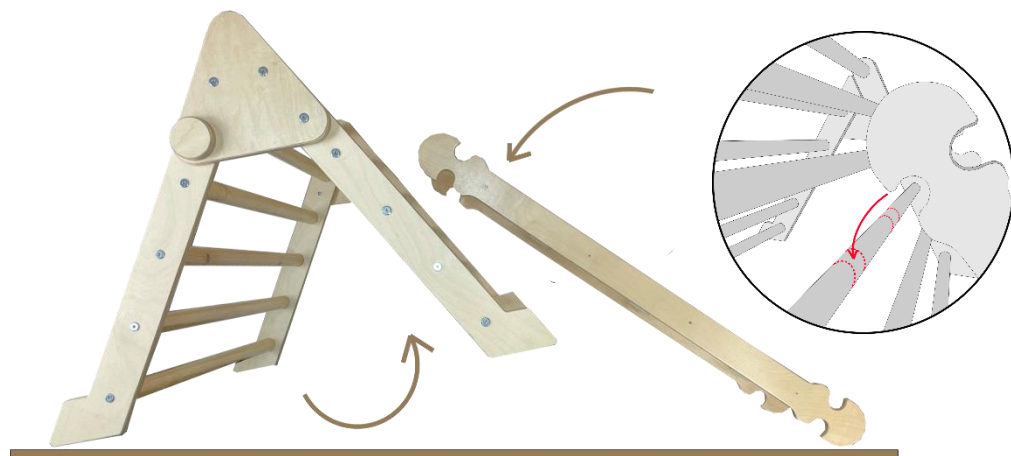

## Climb n Slide and Ladder Products referred to in this guide:

Name	MPN	GTIN
Junior Natural Climb n Slide	LPKCS-J1-NAT	5060632681638
Junior Natural Ladder	LPKLAD-J1-NAT	5060632681652
Junior Gretton Grey Ladder	LPKLAD-J1-GG	5060632681713
Junior Pastel Rainbow Ladder	LPKLAD-J1-PR	5060632681775

## How to attach the climb n slide and Ladder:

Lift and rotate Triangle/Arch until the ladder/slide easily slots over dowel

Lower Triangle/Arch back onto the floor and the add-on will now be locked into place. Reverse these steps to remove add-on!

**Do contact us if you are unsure of the instructions**

We recommend keeping these instructions for future reference. Scan the QR code for an electronic copy

LIGNEUS PLAY

## Warnings:

- The recommended minimum age for the Climb n Slide and Ladder 10months+
- The maximum number of users at any one time is 2
- The maximum weight per user is 50kg (∴ max 100kg)
- The Climb n Slide and Ladder are for indoor use – they can be used outdoors with care

## Recommendations:

- Adult assembly & supervision recommended at all times
- The Climb n Slide and Ladder should be positioned at least 2m from any structure that could cause an obstruction
- The climb n Slide and Ladder should not be installed over any hard surface
- Take care with orientation! Where there may be exposure to the sun, glare can impede climbing

## Maintenance:

- Regular checks should be carried out before and during use to ensure safe use of climb n slides and ladders
- These checks include:
  - Nuts & bolts (inspect & tighten as appropriate)
  - Visual inspection for any evidence of deterioration
- Replace defective parts as per manufacturer's instructions
- A wipe over with a damp cloth after use will help maintain the climb n slide and ladder in good order
- Failure to carry out checks & maintenance may result in products overturning or becoming hazards
